

## Double Braided Smooth Bore PTFE Hose

ABCOFLEX smooth bore is a quality engineered plain PTFE tube reinstated with double AISI 304 high tensile stainless steel braid. They are designed specifically for industrial use where reliability and long life are required and where hostile temperatures or corrosive conditions make PTFE the ideal choice. Abcoflex is available with translucent virgin PTFE or anti-static black.

### Construction

Produced with PTFE resins approved by **FDA, DVGW and BFR** that allow our hoses to be used with foods and drinks.

### Characteristics

- Extreme flexibility
- High pressure
- High resistance to the aging
- Low maintenance
- Chemical inertness

### Temperatures

-70 to +260°C depending on the working pressure.

### Fittings

Male, Female, Flanged, Triclover and PTFE Flared / Encapsulated fittings available in all the material.

### Dimensions

<u>Code</u>	<u>ID</u>	<u>OD</u>	<u>Working</u>	<u>Burst</u>	<u>Minimum</u>
			<u>Pressure</u>	<u>Pressure</u>	<u>Bend Radius</u>
	<u>MM</u>	<u>MM</u>	<u>BAR</u>	<u>BAR</u>	<u>MM</u>
