

PVC BRAIDED HOSE

ABCOFLEX Suction and transport hose, inside outside smooth, tough and flexible, vacuum & compression resistance and with high axial strength.

Construction

ABC's PVC Steel Wire Reinforced Pipe comprises of a steel wire reinforced transparent pipe for suction based applications.

Characteristics

- Vacuum Resistant.
- Made From Food Grade Non -Toxic Ingredients, suitable for transport of food.
- Glass like clarity with smooth inner & outer surfaces provide outstanding visual flow characteristics.
- Very flexible & does not kink when bent from a small radius.
- Resistant to atmospherical agents.

Temperatures

60-70°C

Dimensions

Inside Dia.		Wall Thickness (mm)	Working Pressure (Bar) @27°C	Vacuum mBar	Standard Length
MM	Inch				
10	3/8	3	7	850	30
